TEN THOUSAND SOLD THE FIRST WEEK.  
MEMOIRS OF BENNETT AND HIS TIMES.  
With a fine Metal Mount; 400 pages. Price \$1.25.

RELIABLE AND TRUTHFUL CRITICISM.

It is always the case that a great enterprise is viewed differently by signs minds. This will fully account for the seal and now exhibited in the literary war on the "MEMOIRS OF BENNETT." As the facts connected with the book have been strangely overlooked, however, those who wish to understand it should consult the work itself. In the bulletins published during the past week, which have described the prejudice, passion, and misrepresentation of a portion of the contestants, the public have obtained the history of criticism in this country—so far as this work is concerned. In addition to the other highly favorable opinions from a neighboring country, the following from The Canada West Hamilton Spectator is appended, as a discreet and calm examination of the work, and the justice and spirit of it is worthy of being commended to some American journals:

The substitution of his scientific remedies for the dangerous nostrums of the past will save innumerable lives. Sold by A. CUSHING & Co., 25 Broadway.
